Skills

Education

- Advanced Team Physician, IOC** (2015)
IOC ADVANCED TEAM PHYSICIAN COURSE
In 2015 I attended an educational course in Doha, Qatar. The Advanced Team Physician course was organized by International Olympic Committee.
- Faculty of Medicine, University of Maribor** (2004 - 2016)
M.D., PhD
As under-graduate student I spent four years in my home town. The other two years I spent in Tübingen (Germany), Luzern (Switzerland) and Graz (Austria). I continued the post-graduate education at the same University.
- Faculty of Computer Science, University of Maribor** (2002-2010)
MEDIA COMMUNICOLOGIST, BSc
The same year I finished the medical school I obtained a bachelor's degree in media communication and graphic design. Maybe this seems unusual, but it is definitely practical and one of the best decisions in my life.

Working experience

Awards

- ISAKOS Young Investigators Award, Shanghai 2017**
At the biannual ISAKOS meeting I was recognized as a young researcher who has done outstanding clinical laboratory research contributing to the understanding of molecular background in muscle injuries and regeneration.
- ESSKA Basic Science Award, Amsterdam 2014**
ESSKA has granted award for basic science for research, performed on skeletal muscle cells, grown in cultures. The differentiation rate and miogenic commitment after co-cultivation with plasma-derived growth factors and antifibrotic agents.

Personal skills

- communications skills** (5/5)
I like communicating. In my native, english and german language.
- ingenuity** (4/5)
Challenges challenge me. I love work that demands ingenuity.
- team work** (4/5)
Connecting is key to success. I have no problem with that.
- individuality** (3/5)
...yet I I do not find it difficult to work alone.
